And at Cham Lodge, we try to make it even easier.

We offer flexible Chalet accommodation and a complete service package - which means that airport transfer, ski hire, lift passes and lessons can all be arranged before you arrive.

So, with six self-catering apartments to choose from, catering for small or large groups, why wait a moment longer?

## THE PLACE TO STAY

Six self-catering apartments to choose from Cham Lodge is a characteristic Savoyard chalet situated in the village of Les Houches, four miles from Chamonix town. It is set in beautiful surroundings with its own garden, and enjoys the breathtaking views of the Mont Blanc massif. Cham Lodge is close to the Les Houches ski area, and is just a short walk from the Chamonix valley shuttle bus stop and the village center, where a variety of shops, bars and restaurants can be found.

Cham Lodge offers six quality self-catering apartments, with true chalet feel. Apartments can be rented for a day, a week-end, for short breaks or for long, seasonal leases. It is ideal for small parties or for large groups, who want connected apartments or to book the entire chalet.

## DON'T TAKE IT FROM US

The Family

"We have just booked up our third consecutive family skiing holiday in Chamonix at Cham Lodge Chalet. Max and Camelia always give us a very warm welcome and are always happy to help in making our stay as stress free as they possibly can. Chamonix is one of the prettiest and most spectacular places that we have ever visited and coupled with terrific skiing and such fantastic hosts, we couldn't possibly go anywhere else. We are even considering coming back in the summer to see Chamonix from another aspect, so, look out Max and Camelia, we'll be back again and again and again!"

## WINTER

One of the world's top resorts

Ranked within the top ten skiing and boarding resorts in the world, the Chamonix valley offers a great variety of skiing and boarding, and an impressive snow record. It is also the ultimate off-piste paradise.

The valley cuts deeply through Europe's highest mountains and glaciers and it is dominated by the majestic Mont Blanc, rising to 4,810 meters (16,000 ft).

The Chamonix valley is divided into six main skiing and boarding areas, which are connected by a free valley bus service. They offer over 750 kilometres of pistes, with over 250 ski lifts.

## SUMMER

A wealth of outdoor activities

From Spring onwards, Chamonix continues to offer a wealth of activities in one of the most beautiful surroundings.

These include walking, trekking, rock climbing, mountaineering, canyoning, mountain biking, paragliding, rafting, horse riding, tennis, golf and many others.

## CAMELIA & MAX

Chamlodge is owned by Max and Camelia Liparoti

'As keen skiers and travelers, we have first hand experience of the needs and difficulties of the independent traveler. We also understand the difficulties that large groups have in finding quality, flexible accommodation, often with little time available to plan and search. This knowledge has been reflected in the way we run Cham Lodge.'  
Max and Camelia Liparoti

Chamlodge is owned by Camelia and Max Liparoti, who discovered Chamonix in 1996 and bought the chalet in 2002.
